THE SEA IS CALLING
ANSWER IT ROYALLY™

Central Florida District Dental Association Annual Meeting ROYAL CARIBBEAN JEWEL OF THE SEAS

April 18-22, 2013

It's the sea calling...

You work hard. You deserve some awesome moments. So why don't you come join me for a few days? Go ahead, think what it would be like...imagine a place more beautiful than anything you have ever seen. Light dancing on my waves, the gentle sound of me puts you at ease. No rush hour, no traffic, no worries at all. Just me surrounding you as the sun sets on the horizon. How about a pina colada? A massage? Or you can rock climb...you can ice skate, or simply do nothing at all. I know, I think it's pretty cool too. The best way to answer my call? Reserve your cruise today!

What is there to enjoy in Cozumel?

White sand beaches, crystal clear water, snorkelling, scuba diving, swimming with the dolphins, Jeep safaris, Mayan ruins, duty free shopping, fantastic restaurants, Carlos and Charlie's, Senor Frogs, AND MORE...

4 Night Cozumel Cruise

Day	Port	Arrive	Depart
Thu	Tampa		4:30PM
Fri	Cruising		
Sat	Cozumel	8:00AM	6:00PM
Sun	Cruising

Executive Practice Management Certificate Program for Dentists

Bridging the knowledge gap from clinical dentist to business owner

October 12, 2012 to October 13, 2013

8 am – 5 pm, Saturdays and Sundays

This program prepares dentists to become business owners and executive managers within their practices. The curriculum for this 13-month program focuses on the critical components of business ownership not taught within traditional DMD/DDS programs.

- Finance, Financial Management & Financial Planning
- Overall Practice Operations, Compliance & Efficiencies
- Human Resources and Staff Management
- Practice Sales, Marketing, & Systems

Description

This course is an extensive, hands-on, one-year program with monthly meetings, and supplemental online web course customized for dental practice management. With the goal of increasing dentists' business acumen and skills, this innovative program teaches dentists critical aspects of finance, operations and HR management. From buying, building or becoming an associate, to debt reduction through overhead control, and wealth accumulation for practice transitions; the program encompasses a business school curriculum customized to executive dental practice ownership.

Topics are divided into 13 modules with modules taught over one weekend per month. Instructional methods include lecture, hands-on workshops, guest lectures, and online supplemental learning between meeting dates. Dentists are actively involved in the learning process and develop applicable projects/deliverables that can be implemented into dental practices immediately. Concepts of basic accounting/bookkeeping, practice financials, employment law, social marketing, staffing, sales forecasting, dental leadership, communications, legal compliance and wealth accumulation serve as primary course content.

Goals & objectives

The program develops business skills to enable dentists to increase practice efficiencies and focus on serving patient's needs. Practices that are soundly managed by knowledgeable dental business owners create solid financial growth and sustainability allowing dentists to focus on providing affordable, high-quality care for patients.

CEU details

14 hours/weekend, lecture/participation – Total 186 CEU
Program # 140006, AGD # 550

Registration fee

\$15,487 - Payable with an initial non-refundable deposit of \$2,500 and \$899 monthly attendance fees

- Fee includes breakfast & lunch

Prerequisites

Students must be practicing, actively-licensed dentists, newly graduated dentists, or graduating dentists in dental school, and be accepted to this program by the University of Florida College of Dentistry.

Radiograph shows proper implant spacing in limited site.

Image courtesy of Gary Shopoff, DDS

Introducing the Laser-Lok® 3.0 implant

Laser-Lok 3.0 is the first 3mm Implant that incorporates Laser-Lok technology to create a biologic seal and maintain crestal bone on the implant collar¹. Designed specifically for limited spaces in the esthetic zone, the Laser-Lok 3.0 comes with a broad array of prosthetic options making it the perfect choice for high profile cases.

- Two-piece 3mm design offers restorative flexibility in narrow spaces
- Implant design is more than 20% stronger than competitor implant²
- 3mm threadform shown to be effective when immediately loaded³
- Laser-Lok microchannels create a physical connective tissue attachment (unlike Sharpey fibers)*
