INSTALLATION OF NEW OFFICERS BANQUET

To: Members of Volusia-Flagler Dental Assoc.
From: Volusia-Flagler Dental Assoc.

Dear Fellow Dentists:

The staff Dentist at our local Volusia County Health Department, Dr. Oscar Padea, has recently resigned effective December 20, leaving our County Health Department with a new six-chair clinic here in Daytona Beach and no Dentist to operate it. The objective of the Health Department is to hire a full-time Pediatric Dentist for the long term, but to attempt to solicit the help of any area Dentists who can work in the clinic on a volunteer basis for the short term. The patient group would be school age children under the age of 18. Basic restorative and surgical skills as necessary for a pediatric population plus some behavior management skills are required. Existing auxiliary staff is currently in place.

To make inquiries, contact Dr. Tom Coleman (medical director) at 386-274-0831. The Greater Orlando Dental Assoc. is also making inquiries within their membership to help meet these objectives. Any assistance from the dental community would be greatly appreciated.

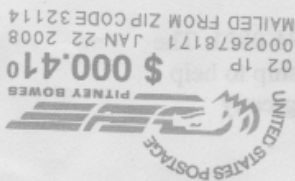

VDA Website Launched: WWW.volusiaflaglerdental.org

The Volusia-Flagler County Dental Association website was launched in January 2008. The website contains information about our society, its members, meetings, newsletter, and a classified section. It should serve as an easily accessible informational resource for members, auxiliaries, and the general public. There were previous questions of having advertising or linking to individual practice websites – in the best interests of the society, no promotional advertising/linking will be tied to the site with the exception of our websesigner/host.

The member information was obtained from the 2005 VFDA directory. Should you need to update your information, please email your changes on the "contact us" page. We can update the site once monthly, so please send any correspondences by the first of each month.

A special thanks to Christina Archer at DentalPC for all of her hard work in designing and completing this site for us.
